

Brookfield Primary School Knowledge Organiser

Year 1: What is it like to live in Shanghai?

Geography is the study of the places in which we live.

Human feature	Large features that were built by people.
Physical feature	Land forms that occur naturally on earth.
country	An area of land with its own rules, laws and government.
continent	A massive area of land, surrounded by water, much larger than a country.
map	A flat, birds-eye drawing of a place, as seen from above.
key	An explanation of the symbols found on a map.
different	Places that are not alike and have features not found in each of the locations.
similar	Places that have things that are the same about them, although they might be different in some ways.

General Geographical Words

near, far, left, right, building, globe, journey, travel, transport, weather, seasons.

What can we see in our local area?	Can we map our local area?	Where in the world is China?	What can you see in China?	What is Shanghai like?	How is Shanghai different from our local area?
