

Monday 19th October 2026

Dear parents and carers

I am very excited to update you on the outcome of the latest Ofsted inspection carried out in September.

During their visit to school on September 15th and 16th, the inspectors found a great deal to celebrate! They acknowledged that 'Pupils enjoy coming to this caring and welcoming school. They build positive relationships with adults and each other.' They were also very complimentary about the behaviour of our pupils, stating that 'Pupils behave well around the school and enjoy positive relationships with staff. This is because leaders have introduced clear expectations and effective systems for recording and tracking behaviour.' We are also very proud that 'Personal development and wellbeing are strengths of the school. Leaders place a clear focus on helping pupils feel safe, happy and included.'

The report recognised that 'Leaders have created a calm and supportive environment, where pupils feel safe and valued' and that 'Since the previous inspection, leaders have improved the curriculum and the quality of teaching. As a result, pupils engage positively in lessons' and 'There are signs that achievement is improving. More pupils now reach expected standards than in previous years'.

Parents and staff all spoke positively about Brookfield. Parents and carers also shared with the Inspectors that they 'feel welcome in school. They praise the communication and care that staff provide for families'.

This report will be acted upon with rigour as we continue to work tirelessly on our journey of continuous improvement at Brookfield Primary School. The areas needing focus are our key priorities and form the basis of our School Improvement Plan.

If you have any questions, please don't hesitate to contact me.

Kindest regards

Nicola Walker

Headteacher
